Enrichment: Our 1st and 3rd Grade students along with Mrs. Koenigs created our own version of the Indianapolis 500. Out in the parking lot, we constructed a racetrack where students had to complete 10 laps (running) while following correct racing protocol!? Students had to comply to caution flags as well as make necessary pit stops for "Low on Fuel, Car Overheating, Flat Tire, Blind Spot, and Crash".

Mrs. Koenigs was our Grand Marshall, announcing to students, "Start Your Engines!!!!!" She also waved the checkered flag as the first racer crossed the finish line.

Congratulations to Winston on his first place finish, followed by Dempsey's second place, and Cassandra's third place. Great job everyone!

Mr. Zeleske

Social Studies: We are finishing up the school year with our test! The younger students should prepare for their test on westward expansion, while the older kids have to study for their exam on Russia! Since we were studying the Cold War this week, I also had the students practice duck and cover drills for “nuclear weapons,” just as schools practiced at the time. I set alarms at random times, and the students had to take cover as soon as possible!

4th-8th Grade News

Mr. Zeleske

Religion: The younger students learned about the seven gifts of the Holy Spirit this week and discussed how they can put them into practice. Our test is next week Monday!

ELA: The older students finished their unit on *The Giver* this week. The younger students are preparing for their *A Wrinkle in Time* test on Tuesday!

A big thank you to Mrs. Wagner for teaching the students to play ukelele during these last few weeks! The kids had a blast!
